- 1  **American Civil War Correspondence**, a group of eight letters, two envelopes (one patriotic with Gosfield, Ont. SP 5/1865 double split ring, the other Chicago JUN 16 1865), and one newspaper clipping announcing "300,000 more troops had been called for; if not raised by the 18th drafting would be resorted to." The letters, from George Brunstead start in Yarmouth, Ontario dated 1858 to his sister in London, Ontario where he talks about a murder in St. Thomas. The letters continue from Chicago where he apparently went in search of work and became a member of Company A, 15th Wisconsin Volunteers. Subsequent letters, mostly from Tennessee, discuss scouting missions, the capture of prisoners, and life in the infantry. The letters end with a letter from a lawyer in Chicago to the sister in London with instructions for completing an application for Bounty Money and back pay for her brother who died at Andersonville, GA on August 6, 1864. As can be expected the condition is a bit mixed but this material is an interesting read and provides insight into one persons experience. *(photo)*
